## New: The Book They Tried to Suppress

# **Katharine the Great:**

## **Katharine Graham and Her Washington Post Empire**

### **By Deborah Davis**

When it first came out, Katharine Graham, the powerful head of the Washington Post and Newsweek, pressured the publisher, who had the book withdrawn from bookstores and shredded.

Now this compelling biography has been revised and updated, to take the reader beyond Watergate to Contragate, into the Reagan-Bush years. This is the book that names "Deep Throat," details the CIA connections of longtime *Post* editor Ben Bradlee, and describes the vast influence of Katharine Graham, perhaps the most powerful woman in America.
